

Egyptian Tomb Project

You are in charge of preparing the recently-dead Pharaoh for the afterlife. This includes

1. mummifying the body in ritual tradition
 - *describe what traditions and rituals are included in your model*
2. creating a casket and sarcophagus to both glorify and protect the body
 - *be able to open the sarcophagus, coffin, and mummy to show the intricate detail of each part*
3. immortalizing the Pharaoh's legacy in pictures and hieroglyphics on the tomb wall
 - *provide and interpretation of the hieroglyphics*
 - *describe the story represented by the pictures*
4. gathering items the Pharaoh will require upon returning from the dead
 - *create a legend or diagram that identifies each item and describes its purpose*
5. placing all these items in the tomb
 - *present your finished project to the class and then display in the library*
